

REMARKS/ARGUMENTS

After the foregoing Amendment, Claims 1-47 are pending in this application. Various non-substantive clarifying amendments have been made. New claims 24-37 have been added. No new matter has been introduced into the application by these amendments.

Double Patenting Rejection

Claims 1-23 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims of U.S. Patent No. 6,690,660. A Terminal Disclaimer is submitted herewith to overcome the double patenting rejection. The withdrawal of the double patenting rejection is respectfully requested.

If the Examiner believes that any additional minor formal matters need to be addressed in order to place this application in condition for allowance, or that a telephone interview will help to materially advance the prosecution of this application, the Examiner is invited to contact the undersigned by telephone at the Examiner's convenience.
